19 July 2021

RETURN OF PUPILS TO SCHOOL.

The Department of Basic Education has published the updated return dates and plans for schools in South Africa.

In a gazette published on Thursday (15 July 2021), Basic Education minister Angie Motshekga reported that schools will reopen on **26 July 2021** for all pupils.

Cedarwood School College will therefore also start with physical classes on **26 July 2021** for all pupils from Grade 7-12 and ASDAN and Beyond.

We request that pupils who are sick or display flu-like symptoms are not sent to school and only return when well. As always, parents are requested to do their own symptom checks including checking of temperature. Pupils will have their temperatures checked by register teachers upon arrival.

Parents are asked to remain in their cars when dropping and collecting pupils, and only visit the school staff with a confirmed appointment.

Thank you for your assistance. Stay safe.

Regards

Dr. Phillip Kotze
