

During my time at Cedarwood School as an intern educational psychologist, I felt deeply privileged to be part of a community that genuinely prioritised the well-being and growth of every learner. The staff consistently demonstrated unwavering care and collaboration. Their dedication made it possible to feel both supported and inspired on a daily basis.

Working with the learners was an incredibly meaningful experience. Their resilience and authenticity offered constant reminders of why this work matters. I was fortunate to witness their progress, share in their challenges and successes, and contribute to their journeys.

Throughout my internship, I grew not only professionally but also personally. The guidance, encouragement, and mentorship I received nurtured my development and strengthened my passion. I will carry forward the lessons learnt at Cedarwood, especially the importance of compassion, teamwork, and adaptability when supporting learners.
